This “Crossover Only Provider Form” is solely for providers who render services to dual-eligible beneficiaries and who are not enrolled in Medi-Cal. A dual-eligible beneficiary is a beneficiary who is eligible for both Medicare and Medi-Cal. A provider would fill out this form if they are requesting authorization to bill Medi-Cal for Medicare cost sharing amounts. In order to use this form, the provider must meet all of the following conditions:

- The provider must be Medicare enrolled.
- The provider must have provided services to a dual-eligible beneficiary. This means that a provider must have provided services to a person who is both Medicare eligible and Medi-Cal eligible.
- The provider is requesting a **new authorization** to submit claims for reimbursement for services provided to a dual-eligible beneficiary, the provider would like to inform the Department of Health Care Services (DHCS) of a **change to previously submitted information** OR the provider is requesting the **deactivation of an authorization** previously granted by DHCS.

Unless all of the above statements apply, a provider is not eligible to use the “Crossover Only Provider Form.” If a provider wishes to be enrolled in Medi-Cal then they must submit a complete Medi-Cal application package. If you are an existing Medi-Cal provider and you wish to add a Medicare number to your existing file, you will need to complete and submit a Medi-Cal Supplemental Changes (DHCS 6209) form available at www.medi-cal.gov Provider Enrollment link.
