Dear Provider,

Subject: Resubmission of Voided Claims.

EDS, an HP company, voided claims billed with restricted secondary diagnosis codes. These voids appeared on *Remittance Advice Details* (RADs) beginning November 19, 2009, with RAD code **862: Void of claim with non-payable diagnosis**. The notification letter to providers stated, "EDS will recover the erroneously paid claims that appeared on RADs dated November 15, 2006, or later." It was later discovered that some claims that appeared on RAD before this date were voided as well.

No action is required on your part. EDS will resubmit the erroneously voided claims (which originally appeared on RADs before November 15, 2006). These resubmits will appear on RADs beginning December 31, 2009, with Claim Control Number (CCN) prefix **935255**.

If you disagree with any of these resubmits, you may submit a *Claims Inquiry Form* (CIF) within six months of the new RAD date. For CIF completion instructions, please refer to the *CIF Completion* and *CIF Special Billing Instructions* sections in the appropriate Part 2 manual or on the Medi-Cal Web site (www.medi-cal.ca.gov).

If you have questions, please call the Telephone Service Center (TSC) at 1-800-541-5555, option 11 followed by option 18.
