May 3, 2011

Dear Vision Provider,

Subject: Reprocessing of Claims for CPT-4 Code 92135

CPT-4 code 92135 (scanning computerized ophthalmic diagnostic imaging) expanded the list of allowable diagnosis on December 1, 2006, but claims were erroneously denied for diagnosis in the second half of 2008. Effective December 1, 2007, modifier LT (left), RT (right) or 50 (bilateral) was required. However, modifier 50 with quantity 2 was systematically cutback to 1 during certain dates of processing before April 17, 2010.

No action is required on your part. HP is reprocessing the affected claims. Adjustments of payments, voids and resubmits of crossover payments, and resubmits of denials will appear on *Remittance Advice Details* (RADs) beginning May 05, 2011, with RAD code **0824: Price correction, after erroneous quantity cutback**, and/or Claim Control Number (CCN) prefix **111755** or **111788**.

If you disagree with any of these resubmits or adjustments, you may submit a *Claims Inquiry Form* (CIF) within six months of the new RAD date. If you disagree with any of the voids, you may submit an appeal within 90 days of the new RAD date. For CIF or appeal completion instructions, refer to the *CIF Completion* and *CIF Special Billing Instructions* sections, or the *Appeal Form Completion* section, in the appropriate Part 2 manual or on the Medi-Cal website at (www.medi-cal.ca.gov).

If you have questions, please call the Telephone Service Center at 1-800-541-5555, option 11 followed by option 17.

Sincerely,

A handwritten signature in black ink that reads "Nona Carpenter". The signature is written in a cursive, flowing style.

Nona Carpenter
