Dear Provider,

Subject: Resubmission of Denied Claims for Procedure Codes 67208 and 67210

Effective March 1, 2008, the Department of Health Care Services (DHCS) has removed the frequency restriction for CPT-4 codes 67208 and 67210 when billed in conjunction with ICD-9-CM code 190.5 (malignant neoplasm of the eye, retina) or if a *Treatment Authorization Request* (TAR)/Service Authorization Request (SAR) is present. The frequency restriction remains one service in 90 days when not billed in conjunction with ICD-9-CM code 190.5.

This policy change was applied to the system on April 25, 2011. Due to this policy, affected claims with *Remittance Advice Details* (RAD) dates beginning March 1, 2008 through April 25, 2011 were denied with RAD code **113: This Procedure is payable only once in 90 days**.

No action is required on your part. HP Enterprise Services is resubmitting the affected claims. These resubmits will appear on RADs beginning August 31, 2011, with Claim Control Number (CCN) prefix **122955**.

If you disagree with any of these resubmits, you may submit a *Claims Inquiry Form (CIF)* within six months of the new RAD date. For CIF completion instructions please refer to the *CIF Completion and CIF Special Billing Instructions* sections in the appropriate Part 2 manual or on the Medi-Cal website (www.medi-cal.ca.gov).

If you have questions, please call the Telephone Service Center (TSC) at 1-800-541-5555, select option 11 followed by option 17.

Sincerely,
