Frequently Asked Questions (FAQs)

Presumptive Eligibility (PE) for Coronavirus (COVID-19)

1. What is Presumptive Eligibility (PE) for Coronavirus (COVID-19)?

PE for COVID-19 provides temporary, no cost diagnostic testing, testing-related services, and treatment services, including all medically necessary care, which include associated office, clinic, or emergency room visits related to COVID-19 during a PE period to uninsured individuals determined eligible by a Qualified Provider (QP) based on preliminary applicant information.

2. What is a Qualified Provider (QP)?

A Qualified Provider (QP) is an approved Medi-Cal provider who participates as a QP, permitted under the approved California Medicaid State Plan in relation to PE programs.

3. What is the authority for implementing the PE for COVID-19?

On March 18, 2020, the House Resolution (H.R.) 6201 Families First Coronavirus Response Act, Section 6004, authorized State Medicaid programs the ability to cover uninsured individuals for purposes of providing COVID-19 diagnostic testing and testing-related services, at no cost to the individuals.

4. When will PE for COVID-19 be implemented?

PE for COVID-19 was implemented on April 8, 2020.

5. Who is potentially eligible for PE COVID-19?

To qualify for PE for COVID-19, individuals must:
- Have no health insurance, or
- Have private health insurance that does not cover diagnostic testing, testing-related services, and treatment services, including all medically necessary care for COVID-19, or
- Are not eligible under any of the other Medi-Cal programs (with the exception of individuals who have not met their Medi-Cal Share of Cost obligation), and
- Be a California resident.

6. What is PE for COVID-19 eligibility determination based on?

The PE for COVID-19 eligibility determination is based on the denial of eligibility for the Hospital Presumptive Eligibility (HPE), Child Health and Disability Prevention (CHDP) Gateway Program, or Presumptive Eligibility for Pregnant Women (PE4PW) programs.
