# LTC (25-1) Claim Completion Guidelines

## Claim Form Submission Method

The DHCS Fiscal Intermediary (FI) uses Optical Character Recognition (OCR) equipment to scan all submitted paper billing forms. Accuracy, completeness and clarity are important. Claim forms cannot be processed if applicable information is not supplied or is illegible. To ensure that claim forms are scanned and processed efficiently, providers must adhere to standard requirements.

### Paper Format

The following guidelines apply to claim forms submitted by mail:

#### Form Completion Instructions

- Submit the original claim form. The FI does not accept carbon copies, photocopies, computer-generated claim form facsimiles or claim forms created on laser printers. Keep a photocopy of the original claim in the patient's record.
- Separate individual claim forms. Do not staple original claims together. Stapling original claims together indicates the second claim is an attachment, not an original claim to be processed separately. Bar codes are also used to separate claims and indicate the beginning of another claim.
- Remove all perforated sides and separate each individual form. Leave a ¼-inch border on both the right and left sides after removing the perforation.
- Do not fold or crease claim forms.
- Enter all dates without slashes. Do not use punctuation, including decimal points (.), dollar signs ($) or plus (+) or minus (-) signs when entering amounts.

### Form Completion Instructions Continued

- Handwritten claims should be printed neatly using black ballpoint pen only.
- Type information within the designated area of the field. Ensure the type is completely within the text space. Align type with corresponding information. If using a dot matrix printer, do not print in "draft mode" because the characters will not be clear and distinct enough for OCR to accurately determine the contents.
- Use correction tape to make corrections and re-enter the correct information. Do not strike over errors or use correction fluid.
- Do not type in areas labeled "FOR F.I. USE ONLY".
- Never highlight information.
- Submit any attachments by taping them to an 8½ x 11-inch sheet of paper with non-glare tape. Do not use original claims as attachments.

## Electronic Format

Most claims for these services may also be submitted through Computer Media Claims (CMC). For CMC ordering and enrollment information, refer to the *CMC Enrollment Procedures* section (cmc enroll) in the Part 1 provider manual.

## Medi-Cal Claim Attachment Control Form (ACF)

An ACF validates the process of linking paper attachments to electronic claims.

For each electronically submitted claim requiring an attachment, a single and unique ACF must be submitted via mail or fax. Providers are required to use the 11-digit Attachment Control Number (ACN) from the ACF to populate the PWK segment of the 837 HIPAA transaction.

Attachments must be mailed or faxed to the FI at the following address:

Conduent
P.O. Box 526022
Sacramento, CA 95852
Fax: 1-866-438-9377

**NOTE**
The method of transmission, by mail or by fax, must be indicated in the appropriate PWK segment and must match the method of transmission used.

Refer to the *California Medicaid (Medi-Cal) Companion Guide Transaction Information* available on the Medi-Cal website (*www.medi-cal.ca.gov*) for instructions on how to submit attachments to 837 v.5010A1 claims.

### Attachment Policies

- All attachments must be received within 30 days of the electronic claim submission.
- The original ACF must accompany the attachments.
- To ensure accurate processing, only one ACN value (found on the ACF) will be accepted per single electronic claim and only one set of attachments will be assigned to a claim.

### Denied Claim Reasons

- If an 837 v.5010A1 electronic transaction is received that requires an attachment and there is no ACN, the claim will be denied.
- If no ACF or a non-original ACF is submitted, the attachments or documentation will be returned with a reject letter to the provider or submitter.
- No photocopies of the ACF will be accepted.
- ACF with attachments must be mailed.

## ACF Order/Reorder Instructions
