Dear Provider:

Thank you for your interest in registering your National Provider Identifier (NPI) with Medi-Cal. Please read the information below before you proceed with completing the registration form attached.

The registration allows Medi-Cal and CHDP providers to register one NPI for each active Medi-Cal/CHDP provider number. If a provider has a Medi-Cal **and** CHDP provider number, the NPI will be automatically updated for both programs when a Medi-Cal/CHDP provider registers their NPI with Medi-Cal by using the online NPI collection tool or the registration form.

Providers With More Than One Active Medi-Cal or CHDP Number:

Providers who have more than one active Medi-Cal or CHDP provider number must complete a separate registration for each existing provider number to register a single or subpart NPI. Providers may register only one NPI per provider number.

In most cases, the provider may choose to register the same NPI or the subpart NPI to replace multiple provider numbers.

Pursuant to *Code of Federal Regulations*, Title 42, Section 424.57, providers of Durable Medical Equipment (DME), prosthetics, orthotics, and medical supplies are required to use a separate NPI for each individual business location, in accordance with the HIPAA-NPI final rule. Medi-Cal providers subject to this provision of the final rule have yet to be determined. DHCS encourages providers to refer to future *Medi-Cal Updates* or the [NPI Overview](#) page for a final determination on Medi-Cal requirements for this rule.

Separate “Pay-to” and “Mail-to” Addresses, Differing EFT Accounts and PINs:

Medi-Cal allows providers to use separate “Pay-to” and “Mail-to” addresses, plus differing Electronic Funds Transfer (EFT) account information and Personal Identification Numbers (PINs) for each provider number. Medi-Cal policy regarding such addresses and accounts will continue for each NPI registered.

Providers who choose to replace multiple Medi-Cal and CHDP provider numbers with one NPI must designate which Medi-Cal provider number will be the source of the various addresses, accounts and PINs that will be associated with the new NPI number.

If a primary Medi-Cal or CHDP provider number is not specified for the new NPI, then the first Medi-Cal provider number on file will be replaced with the new NPI, by default, and be used to determine which addresses, accounts and PINs will be associated with that NPI.

Note: For Medi-Cal and CHDP organizational providers that prefer to maintain multiple “Pay-to” or “Mail-to” addresses, differing EFT accounts, or PINs consistent with the number of Medi-Cal and CHDP numbers and locations currently enrolled, DHCS encourages the use of unique NPIs for subparts.

Registering Multiple NPIs for Multiple Medi-Cal and CHDP Provider Numbers:

The NPI registration form does not allow registration of more NPIs than existing Medi-Cal/CHDP provider numbers. DHCS is reviewing the NPI final rule requirements relative to accepting multiple NPIs in excess

of the existing provider numbers. If your organization has more subpart NPIs than existing Medi-Cal or CHDP provider numbers, DHCS encourages you to refer to future *Medi-Cal Updates* or the **Register, Update or Inquire About NPIs** page on the Medi-Cal Web site for a final determination on Medi-Cal requirements for this NPI rule.

Providers Not Required to Register:

In accordance with the NPI final rule, some providers are not required to enumerate and register an NPI with Medi-Cal and are designated “atypical”. According to DHCS’ interpretation of the NPI final rule (re: “atypical” providers), the following Medi-Cal provider types are not required to register an NPI:

- Blood Banks
- Christian Science Practitioners
- Multipurpose Senior Services Programs

When submitting the hard copy NPI registration form to Medi-Cal, the National Plan and Provider Enumeration System (NPPES) NPI assignment letter must be attached to the completed form. The return address for the form and NPPES letter is printed on the registration form.
