GOVERNOR

Dear Provider:

Thank you for your recent request for the *Medi-Cal Supplemental Changes* (DHCS 6209, Rev. 2/18) form. Please complete the enclosed form and return it to:

Department of Health Care Services
Provider Enrollment Division
MS 4704
P.O. Box 997412
Sacramento, CA 95899-7412

Please read all the instructions included in the DHCS 6209 form carefully and complete each item requested. Incomplete forms will be returned.

PLEASE NOTE: Applicants and providers are required to submit their National Provider Identifier (NPI) with each Medi-Cal provider application package. Applicants are required to attach a copy of the Centers for Medicare & Medicaid Services (CMS)/National Plan and Provider Enumeration System (NPPES) confirmation for each NPI listed in the application package. If providers are not eligible to receive an NPI, they should instead enter the word “atypical” in any NPI fields. These “atypical providers” will receive a unique Medi-Cal provider number once the application is approved.

It is your responsibility to report to DHCS any modifications to information previously submitted within 35 days from the date of the change. Most changes may be reported on a DHCS 6209 form. However, you must complete a new application package if you are reporting a change of ownership of 50 percent or more, a change of business address or one of the other changes identified in *California Code of Regulations* (CCR), Title 22, Section 51000.30, subsections (a) through (b).

If you are planning to sell your business or buy an existing business, you may find it helpful to refer to the Provider Enrollment page of the Medi-Cal Provider website at www.medi-cal.ca.gov. The Provider Enrollment page contains information about enrollment options available to you whenever there is a sale or purchase of a Medi-Cal enrolled provider or business, including the option to submit a *Successor Liability with Joint and Several Liability Agreement* (DHCS 6217, Rev. 5/17) form.

If you have any additional enrollment questions, please contact the Provider Enrollment Message Center at (916) 323-1945, or submit your question(s) to the address below or via email at PEDCorr@dhcs.ca.gov.

National Provider Identifier (NPI) Subparting

General Subparting Instructions

The table below is intended for applicants and providers who have subparted and wish to change an NPI assigned to one or more Medi-Cal enrolled locations. An applicant or provider must determine whether or not to subpart based on their business practices, billing practices and federal requirements including the NPI Final Rule.

A subpart is a component of a health care organizational provider, such as a provider group, that is not a person. A subpart furnishes health care and might:

- i. Conduct standard transactions
- ii. Be required by Federal regulations to have a Federal billing number (e.g., Medicare billing number)
- iii. Be certified/licensed separately from the covered organization
- iv. Have a location different from the covered organization
- v. Be a member of a chain
- vi. Be a DMEPOS provider

If you are an individual sole proprietor (unincorporated) health care provider such as a physician, dentist, nurse, chiropractor, etc., you do not qualify to subpart. When you receive your NPI you will be identified with an Entity Type Code 1 (Health care providers who are individual human beings, including sole proprietors).

If you are an organization, you may subpart. When you receive your NPI you will be identified with an Entity Type Code 2 (Health care provider who is other than an individual human being). Examples of organizations are hospitals; individuals who have incorporated; home health agencies; clinics; nursing homes; residential treatment centers; laboratories; emergency and non-emergency medical transportation companies; group practices; suppliers of durable medical equipment; prosthetics and orthotics providers; and pharmacies.

For additional information, please see the Centers for Medicare and Medicaid Services website for comprehensive information regarding subparting and general NPI implementation.
