Medi-Cal Provider Training 2020

FQHC, RHC & IHS MOA Services

The Outreach and Education services is made up of Regional Representatives located throughout California and includes the Small Provider Billing Assistance and Training Program staff, who are available to train and assist providers to efficiently submit their Medi-Cal claims for payment. See the below additional tools and free services available to your provider community.

Medi-Cal Learning Portal (MLP)

Explore the Medi-Cal Learning Portal (MLP) that offers Medi-Cal providers and billers self-paced online training about billing basics, related policies and procedures; new initiatives and any significant changes to the Medi-Cal program.

How can you get started using the MLP?

- First time users must complete a one-time registration at www.learn.medi-cal.ca.gov
- After logging in, you will be able to RSVP for training events or view eLearning courses
- Refer to the Medi-Cal Learning Portal (MLP) Job Aid or the Medi-Cal Learning Portal (MLP) User Guide for detailed instructions

How can you benefit from using the MLP?

- Significantly reduce billing errors by learning billing best practices
- Quizzes that test your knowledge
- Practice your skills using interactive activities

Free Services for Providers

Provider Seminars and Webinars

Provider Training Seminars and Webinars offer basic and advanced billing courses for all provider types. Seminars also offer a free billing assistance called the Claims Assistance Room (CAR). Providers are encouraged to bring their more complex billing issues and receive individual assistance from a Regional Representative. The dates and locations for the annual provider training seminars and webinars can be found on the events calendar in the MLP tool and in the News area on www.medi-cal.ca.gov.

Regional Representatives

Receive one-on-one assistance from Regional Representatives who live and work in cities throughout California. Regional Representatives are available to visit providers at their office to assist with billing needs and/or provide custom billing training to office staff.

Small Provider Billing Assistance and Training Program

The Small Provider Billing Assistance and Training Program is one-on-one billing assistance for one year to providers who submit fewer than 100 claim lines per month and would like some extra help. For more information about how to enroll in the Small Provider Billing Assistance and Training Program, call (916) 636-1275 or 1-800-541-5555.

All of the aforementioned services are available to providers at no cost!

FQHC, RHC & IHS-MOA Services

Introduction

Purpose

The purpose of this module is to provide information for billing services rendered by Federally Qualified Health Centers (FQHCs), Rural Health Clinics (RHCs) and Indian Health Services-Memorandum of Agreement (IHS-MOA) clinics to participants in the Medi-Cal program.

Module Objectives

- Define FQHC and RHC
- Explain the IHS-MOA program
- Provide billing tips to prevent claim denials
- Identify billing codes
- Review billing examples

Acronyms

A list of current acronyms is located in the *Appendix* section of each complete workbook.

Description

FQHCs and RHCs provide outpatient health care services to recipients in rural and non-rural areas. IHS-MOA clinics primarily provide health care services to Medi-Cal recipients of American Indian or Alaskan ancestry.

FQHC Program

FQHCs were added as a Medi-Cal provider type in response to the Federal Omnibus Budget Reconciliation Act (OBRA) of 1989.

RHC Program

A RHC extends Medicare and Medi-Cal benefits to cover health care services provided by clinics operating in rural areas. RHCs are located in federally designated medically-underserved areas (MUA) or medically-underserved population (MUP) locations as prescribed by Health Resources Services Administration (HRSA).

All RHCs must meet certain federal requirements to be certified. A RHC employs or contracts with nurse practitioners, physician assistants and certified nurse midwives who provide services at the clinic at least 50 percent of the time the RHC is open. RHC physicians may work less than full-time as long as the physician is present in the clinic during operating hours.

IHS-MOA Services

On April 21, 1998, Department of Health Care Services (DHCS) implemented the IHS-MOA program between the federal IHS and the Centers for Medicare & Medicaid Services. The IHS-MOA changed the reimbursement policy for services provided to Medi-Cal recipients within American Indian or Alaskan native health care facilities identified as 638 facilities. DHCS compiled a list of IHS-MOA clinics and mailed a letter to each provider, informing them of the option to participate as a 638 clinic under the MOA. Providers electing to participate were asked to complete and return an *“Elect to Participate” Indian Health Services Memorandum of Agreement (IHS/MOA) Application* (DHCS 7108) to the DHCS Provider Enrollment Division (PED).

Provider Enrollment

FQHC and RHC Enrollment

Providers must first contact the Department of Public Health, Licensing and Certification Program to obtain licensure. After obtaining licensure, the provider must contact DHCS Audits and Investigations (A&I) Division to enroll as a FQHC or RHC. The Initial Rate Setting Application forms are located on the DHCS website.

Authorized Physicians

For FQHC and RHC purposes, the following providers are defined as "physicians":

Authorized Physician Table

Type of Physician	Program Requirements
General Medicine or Osteopathy	The physician is authorized to practice medicine and surgery by the state while acting within the scope of his/her license.
Podiatrist	The physician is authorized to practice podiatric medicine by the state while acting within the scope of his/her license.
Optometrist	The physician is authorized to practice optometry by the state while acting within the scope of his/her license.
Chiropractor	The physician is authorized to practice chiropractics by the state while acting within the scope of his/her license.
Dental Surgeon (Dentist)	The physician is authorized to practice dentistry by the state while acting within the scope of his or her license.

IHS-MOA Enrollment

FQHCs, RHCs and certain Primary Care Clinics (PCCs) designated by the federal IHS as eligible to participate in the IHS-MOA may enroll as IHS-MOA clinic providers.

Clinics cannot be designated as both an IHS-MOA and a FQHC/RHC/PCC provider. Any other current provider numbers or National Provider Identifier (NPI) numbers are deactivated at the time of enrollment. Medi-Cal will recognize these providers as IHS-MOA providers only. All Medi-Cal providers must now have a valid NPI to submit claims to Medi-Cal for services rendered.

Providers may enroll as an IHS-MOA clinic by completing an *"Elect to Participate" Indian Health Services Memorandum of Agreement (IHS/MOA) Application* (DHCS 7108). The application must be photocopied and mailed to:

Attn: Provider Enrollment Division
Department of Health Care Services
MS 4704
P.O. Box 997413
Sacramento, CA 95899-7413

Faxed applications will not be considered.

Scope of Coverage

Program Type

FQHC/RHC Programs

Types of Services Covered

- Physician services
- Physician assistant services
- Nurse practitioner services
- Certified nurse midwife services
- Visiting nurse services (as defined in *Code of Federal Regulations* [CFR], Title 42, Section 405.2416)
- Comprehensive Perinatal Services Program (CPSP) practitioner services
- Licensed clinical social worker services
- Clinical psychologist services
- Community-Based Adult Services (CBAS)
- Optometry
- Acupuncture
- Chiropractic
- Podiatry
- Dental (For additional dental services information, refer to the *Rural Health Clinics (RHCs) and Federally Qualified Health Centers (FQHCs)* section (rural) in the Part 2 provider manual).
- End of life services

IHS-MOA Program

Types of Services Covered

- Physician services
- Physician assistant services
- Nurse practitioner services
- Nurse midwife services
- Visiting nurse services (if services are provided in the Tribal facilities)
- Clinical psychologist services (Interns must be under the supervision of a licensed mental health professional in accordance with the requirements of applicable state laws).
- Clinical social worker services (Interns must be under the supervision of a licensed mental health professional in accordance with the requirements of applicable state laws).
- Marriage and family therapist services (Interns must be under the supervision of a licensed mental health professional in accordance with the requirements of applicable state laws).
- Services and supplies incidental to physician services
- Comprehensive Perinatal Services Program (CPSP) services: registered nurse, dietitian, health educator, certified childbirth educator, licensed vocational nurse and comprehensive perinatal health worker, if the clinic has an approved application on file with the California Department of Public Health, Maternal, Child and Adolescent Health Division.
- Early and Periodic Screening, Diagnostic and Treatment (EPSDT) services: licensed marriage, family and child counselors (available to persons younger than 21 years of age as another health visit if an EPSDT screening identified the need for a service necessary to correct or ameliorate a mental illness or condition)

- Medi-Cal ambulatory services
- Optometry
- Dental (For additional dental services information, refer to the *Indian Health Services (IHS) Memorandum of Agreement (MOA) 638, Clinics* section (ind health) of the Part 2 provider manual).
- End of life services

Notes:

FQHC or RHC Medical Visits

A visit is a face-to-face encounter between a FQHC or RHC Medi-Cal recipient and a physician, physician assistant, nurse practitioner, certified nurse midwife, clinical psychologist, licensed clinical social worker or visiting nurse (as defined in CFR, Title 42, Section 405.2416), referred to as a "health professional," to the extent the services are reimbursable under the Medi-Cal State Plan.

Reimbursable Visit Criteria

Reimbursable Criteria Table

One Visit	Encounters with more than one health professional, and multiple encounters with the same health professional that take place on the same day, at a single location, constitute a single visit.
Two Visits	When a patient – after the first visit – suffers illness or injury that requires another health diagnosis or treatment. When a patient receives CBAS services or is seen by a health professional or CPSP practitioner, and also receives dental services on the same day.

Coverage Limitations

FQHC/RHC providers may be reimbursed for up to:

- Two visits per day, per recipient if one is a medical visit or mental health visit and the other is a dental visit.

Note: For recipients who are enrolled in a dental Managed Care Plan in Sacramento County or Los Angeles County, dental services are billed with the Medi-Cal Managed Care Differential Billing Code set. For recipients not enrolled in a dental Managed Care Plan, a dental visit should be billed under code 03.

These visits do not require medical justification in the *Remarks* field.

- An additional visit is allowed if the recipient suffers illness or injury that is a different health diagnosis or treatment from the original visit.

  Medical justification is required in the *Remarks* field.

IHS-MOA Medical Visits

IHS-MOA clinics may be reimbursed for up to three visits a day for one recipient if one is a medical visit, a mental health visit and a Medi-Cal ambulatory/dental visit. A medical visit is a face-to-face encounter, occurring at a clinic or center between a recipient and physician, physician assistant, nurse practitioner, nurse midwife or visiting nurse (if services are provided in the Tribal facilities.)

A visit with a CPSP support staff and/or a pregnancy-related physician encounter on the same day constitutes a single medical visit if the CPSP mental health visit was related to the pregnancy. If the other health visit is unrelated to the pregnancy, an additional visit is allowed and must be billed with the appropriate HIPAA-compliant billing code set.

When billing for services rendered to Medi-Cal managed care members, and the services are covered by the Managed Care Plan (MCP), IHS-MOA providers must bill the MCP. No differential billing is required.

Notes:

Treatment Authorization

A *Treatment Authorization Request* (TAR) is not required for services rendered by FQHC, RHC and IHS-MOA programs, but the following conditions apply:

Conditions Table

FQHC and RHC	Providers must maintain the same level of documentation that is needed for authorization approval in the patient's medical record. DHCS A&I may recover reimbursements that do not meet the requirements under California Code of Regulations (CCR), Title 22, Section 51458.1, "Cause for Recovery for Provider Overpayments" and Section 51476, "Keeping and Availability of Records."
IHS-MOA	Providers are required to meet the same documentation requirements that are necessary in a TAR for the same service under Medi-Cal. DHCS A&I may recover reimbursements that do not meet the requirements under CCR, Title 22, Section 51458.1, "Cause for Recovery for Provider Overpayments" and Section 51476, "Keeping and Availability of Records."

Comprehensive Perinatal Services Program (CPSP) Support Services and TARs

CPSP support services in excess of the basic allowances will not be denied for the absence of a TAR; however, the provider is required to maintain the same level of documentation required for authorization. DHCS A&I may recover reimbursements that do not meet the requirements under CCR, Title 22, Sections 51458.1 and 51476.

Required documentation includes:

- Expected date of delivery
- Clinical finding and high-risk factors involved in the pregnancy
- Explanation of why basic CPSP services are not sufficient
- Services that would have been requested
- Anticipated benefit (or result) and outcome (or additional services)
- Length of the visits and frequency with which the requested services were provided

The recipient's medical records should be available for review by DHCS. Refer to the specific claim completion section in the appropriate Part 2 Medi-Cal provider manual for more instructions.

IHS-MOA: Medi-Cal Ambulatory Visit

A Medi-Cal ambulatory visit is a face-to-face encounter between an IHS-MOA recipient and a health care professional other than a physician or mid-level practitioner and is included in the Medi-Cal State Plan. This encounter must occur in an outpatient setting. Medi-Cal ambulatory visit services are reimbursed at the IHS-MOA all-inclusive rate and are as follows:

Medi-Cal Ambulatory Visit

Visit Type:	Subject to:
Acupuncture	CCR, Title 22, Section 51309
Audiology (Optional Benefit Exclusion: See the *Optional Benefits Exclusion* (opt ben exc) section of the Part 2 provider manual for more information about optional benefits).	CCR, Title 22, Section 51309
Chiropractic (Optional Benefit Exclusion: See the *Optional Benefits Exclusion* (opt ben exc) section of the Part 2 provider manual for more information about optional benefits).	CCR, Title 22, Section 51309
Occupational Therapy	CCR, Title 22, Section 51309
Physical Therapy	CCR, Title 22, Section 51309
Podiatry (Optional Benefit Exclusion: See the *Optional Benefits Exclusion* (opt ben exc) section of the Part 2 provider manual for more information about optional benefits).	CCR, Title 22, Section 51309
Speech Pathology (Optional Benefit Exclusion: See the *Optional Benefits Exclusion* (opt ben exc) section of the Part 2 provider manual for more information about optional benefits).	CCR, Title 22, Section 51309
Drug and Alcohol Visits (Optional Benefit Exclusion: See the *Optional Benefits Exclusion* (opt ben exc) section of the Part 2 provider manual for more information about optional benefits).	CCR, Title 22, Section 51309
Dental	CCR, Title 22, Section 51309
Acupuncture	Medi-Cal Participation Requirements

Medi-Cal Ambulatory Visit (continued)

Visit Type:	Subject to:
Audiology (Optional Benefit Exclusion: See the *Optional Benefits Exclusion* (opt ben exc) section of the Part 2 provider manual for more information about optional benefits).	Medi-Cal Participation Requirements
Chiropractic (Optional Benefit Exclusion: See the *Optional Benefits Exclusion* (opt ben exc) section of the Part 2 provider manual for more information about optional benefits).	Medi-Cal Participation Requirements
Occupational Therapy	Medi-Cal Participation Requirements
Physical Therapy	Medi-Cal Participation Requirements
Podiatry (Optional Benefit Exclusion: See the *Optional Benefits Exclusion* (opt ben exc) section of the Part 2 provider manual for more information about optional benefits).	Medi-Cal Participation Requirements
Speech Pathology (Optional Benefit Exclusion: See the *Optional Benefits Exclusion* (opt ben exc) section of the Part 2 provider manual for more information about optional benefits).	Medi-Cal Participation Requirements
Drug and Alcohol Visits	Medi-Cal Participation Requirements
Dental	Medi-Cal Participation Requirements

Coverage Limitations

Medi-Services

- Two services per month apply when rendered by a FQHC, RHC or IHS-MOA similar to fee-for-service Medi-Cal providers.
- Limitations apply for services provided in a FQHC, RHC or IHS-MOA clinic, unless the recipient is younger than 21 years of age.

Notice of Changes Regarding Optional Benefits Exclusion for FQHCs and RHCs

The following optional benefits previously excluded from Medi-Cal coverage became reimbursable Medi-Cal services when provided by a FQHC or RHC:

- **Adult dental, chiropractic and podiatric services** – Effective for dates of service on or after September 26, 2013, chiropractic and podiatric services are subject to a maximum of two services in any one calendar month, or any combination of two services per month among other specified optional services. Adult dental services are not subject to a limitation of two services in any one calendar month.
- **Psychological services** – Effective for dates of service on or after January 1, 2014, psychological services are no longer subject to the two visits per month limit.
- **Acupuncture services** – Effective for dates of service on or after July 1, 2016, acupuncture services are subject to a maximum of two services in any one calendar month, or any combination of two services per month among other specified optional services.

Notes:

Dental Services

Dental services are a covered benefit for FQHC, RHC and IHS-MOA providers. Dental services are payable using per-visit code 03.

If a Medi-Cal recipient presents him/herself to a FQHC/RHC provider for treatment and the clinic finds the recipient is enrolled in a dental Managed Care Plan, (Los Angeles County or Sacramento County only), the clinic can render services and submit a claim to Medi-Cal using the FQHC/RHC Managed Care Plan billing code set.

Claims submitted with local per-visit code 03 (dental services) may be submitted on the same claim form as other services billed with HIPAA-compliant billing code sets and informational lines.

Comprehensive Services for Pregnant Recipients

Comprehensive services for pregnant recipients, regardless of age, aid code and/or scope of benefits, are eligible to receive all dental procedures listed in the Denti-Cal Manual of Criteria (MOC) that are covered by the Medi-Cal program as long as all MOC procedure requirements and criteria are met. Recipients are also eligible to receive these services for 60 days postpartum, including any remaining days in the month in which the 60th day falls.

Community-Based Adult Services (CBAS) Visit

To qualify as a reimbursable Community-Based Adult Service (CBAS) visit, four or more hours of CBAS services must be provided per day. FQHCs and RHCs must render CBAS services according to the requirements of *Welfare and Institutions Code* (W&I Code), Section 14550.5 and CCR, Title 22, Sections 54001 through 54113. In addition, the FQHC or RHC providing care must have approval from the Federal Health Resources and Services Administration (HRSA) to provide the CBAS services, and then, only to the extent the CBAS services are included in the DHCS Medi-Cal State Plan.

Health Care Plans

1. FQHCs and RHCs must bill the appropriate Health Care Plan (HCP) when rendering services to HCP recipients.
2. Providers should contact the appropriate HCP for plan specific authorization and billing information.

FQHC Billing Instructions for Dual-Eligible Members

On October 1, 2014, the Affordable Care Act (ACA) mandated the transition from the current Medicare FQHC cost-based reimbursement system to a new Medicare reimbursement methodology that is unique for each FQHC.

This new methodology may result in a Medicare reimbursement for a given service that is greater or less than the current Medi-Cal Prospective Payment System (PPS) rate for the FQHC.

Consequently, a FQHC seeking reimbursement for services rendered to Medi-Cal recipients who are also covered by Medicare shall not bill Medi-Cal for Medicare cost-sharing amounts, or crossover reimbursements, when the Medicare reimbursement is equal to or exceeds the Medi-Cal PPS rate, for one of the following per-visit codes:

- Crossover claims
- Managed care differential rate
- •Capitated Medicare Advantage plans

For IHS-MOA providers that participate in Medicare as a FQHC, this new methodology may result in a Medicare reimbursement for a given service that is greater or less than the current Medi-Cal IHS-MOA per-visit reimbursement rate. IHS-MOAs (if a Medicare FQHC) seeking reimbursement for services rendered to Medi-Cal recipients who are also covered by Medicare shall not bill Medi-Cal for Medicare cost-sharing amounts or crossover reimbursements when the Medicare reimbursement is equal to or exceeds the Medi-Cal IHS-MOA per-visit reimbursement rate.

Reconciliations

DHCS is required to perform an annual reconciliation of Managed Care, Medicare crossover visits and Medicare Advantage Program to ensure the FQHC/RHC was paid an amount equal to their PPS rate. IHS-MOA providers are reimbursed an amount equal to the federal Indian Health Service per-visit rate.

Crossover Claim and Managed Care Differential Rate billing code set rates may be adjusted to more accurately reflect the difference between the Medicare and HCP reimbursements and the PPS/IHS-MOA rate after A&I reviews the Reconciliation Request form.

Providers are notified when the *Annual Reconciliation Request* forms (DHCS 3097) are due 150 days after the providers' fiscal year ends, and should be directed to the DHCS website for the most current forms and instructions. For additional questions, email clinics@dhcs.ca.gov.

FQHC/RHC Services Billing Code Sets

Policy Implemented October 1, 2017

Claims submitted with local per-visit code 03 (dental services) may be submitted on the same claim form as other services billed with HIPAA-compliant billing code sets and informational lines.

Notes:

Medi-Cal Managed Care Billing Code Services

Medi-Cal Managed Care Billing – FQHC/RHC Providers

Managed Care Code Sets (Enrolled Recipients)

FQHC/RHC facilities should use the following code set when billing for services rendered to Medi-Cal Managed Care Plan enrollees and the service is covered by the plan, this includes dental services for recipients in a dental Managed Care Plan (applicable to Sacramento County and Los Angeles County).

Enrolled Recipients Table

Billing Code Sets		
National Code Descriptions	**Revenue Code**	**Procedure Code and Modifier**
Managed care differential rate, covered by Managed Care Plan and rendered to recipients enrolled in Medi-Cal managed care plans and dental Managed Care Plans	0521	T1015 SE

Medi-Cal Managed Care Billing – IHS-MOA Providers

Managed Care Code Sets (Enrolled Recipients)

When billing for services rendered to Medi-Cal managed care members, and the services are covered by the Managed Care Plan (MCP). IHS-MOA providers must bill the MCP. No differential billing is required.

Heroin detox	0521 *FQHC/RHC benefit only (Managed Care code sets should only be billed when the services noted are carved out of Managed Care Plans).	H0014

Notes:

Informational Lines

Informational lines should be included when billing for FQHC/RHC/IHS-MOA services.

An informational line is an associated line item or line items listed immediately following the HIPAA-compliant global billing code set used to bill the face-to-face encounter with the recipient. Informational lines contain only the specific CPT-4 Level I or HCPCS Level II code(s) which identifies the actual service(s) provided, and **are not separately reimbursed.** When submitting informational lines, providers should remember the following:

- The *Revenue Code* field (Box 42) on the information claim detail line must be a 4-digit revenue code. Blank (spaces) and zeros are accepted for Computer Media Claims (CMC).
- The *Service Date* field (Box 45) is optional.
- The *Service Units* field (Box 46) on the informational line may contain the number of service units provided for the procedure code or may be zeroes.
- The *Total Charges* field (Box 47) for each informational line must always be zeroes on paper claim forms; blank (spaces) or zeroes are accepted in the *Total Charges* field for CMC.

For additional CMC billing instructions, refer to the CMC Technical Manual.

Example: Billing a HIPAA-Compliant Billing Code Set with Informational Lines

	42 REV. CD.	43 DESCRIPTION	44 HCPCS / RATE / HIPPS CODE	45 SERV. DATE	46 SERV. UNITS	47 TOTAL CHARGES	48 NON-COVERED CHARGES
1	0520	MEDICAL VISIT	T1015	100117	1	100 00	
2	0520		80018	100117	00	0 00	
3	0520		99213	100117	00	0 00	
4	0520	OPTOMETRY	92004	100117	1	200 00	
5	0520		92002	100117	00	0 00	

Notes:

Computer Media Claims (CMC) submitted with an informational line on the first detail line of the claim will be rejected. CMC claim detail line 01 must include only HIPAA-compliant billing code sets.

When billing an electronic (CMC) claim, if the addition of informational lines causes the claim to exceed 22 lines, the claim must be split and services billed on separate claims. Electronic claims that exceed 22 claim lines with informational lines will be denied in their entirety.

Test Medi-Cal CMC submissions to ensure accurate file format, completeness and validity for HIPAA-related complaint claims transactions by logging into the Medi-Cal test site (sysdev.medi-cal.ca.gov) using submitter ID and password.

A new claims submission test must be submitted when software is upgraded or the submission method changes for CMC.

Report any testing issues to the CMC Help Desk at 1-800-541-5555 and select the option Point of Service (POS), internet, Laboratory Services Reservation System (LSRS) and CMC inquiries

Managed Care Differential Rate Billing Scenario

FQHC/RHC Providers

This is a sample only. Please adapt to your billing situation.

John Doe visited a Rural Health Clinic for evaluation of his recent chest pain. He is enrolled in a Medi-Cal Managed Care Plan (MCP) and the service is covered under the plan. The RHC bills the MCP for the encounter and submits a claim to Medi-Cal for the managed care differential rate, with revenue code 0521, procedure code with modifier T1015SE and an informational line specific to his visit, which in this case is procedure code 99214.

This code set is used for FQHC/RHC providers.

Notes:

Example: Billing Managed Care Differential Rate Code Sets for FQHC/RHC

UPTOWN MEDICAL CENTER
140 SECOND STREET
ANYTOWN CA 958235555
