Recipient Eligibility

Introduction

Purpose

The purpose of this module is to provide an overview of the Medi-Cal recipient identification and eligibility verification process.

Module Objectives

- Review eligibility terminology
- Identify and define the Benefits Identification Card (BIC)
- Identify the functions available in the Point of Service (POS) network
- Review POS response information regarding eligibility, Medi-Service and Share of Cost (SOC) transactions

Acronyms

A list of current acronyms is in the Appendix section of each complete workbook.
Recipient Eligibility Terms

This module addresses internet eligibility transactions. As required by Health Insurance Portability and Accountability Act (HIPAA) electronic standards, the POS network within the internet eligibility transactions include the following terminology:

<table>
<thead>
<tr>
<th>Provider Manual Terminology</th>
<th>POS Network and Electronic Transaction Terminology</th>
</tr>
</thead>
<tbody>
<tr>
<td>Date of Birth</td>
<td>Subscriber Birth Date</td>
</tr>
<tr>
<td>Date of Card Issue</td>
<td>Issue Date</td>
</tr>
<tr>
<td>Date of Service</td>
<td>Service Date</td>
</tr>
<tr>
<td>Eligibility Verification Number</td>
<td>Trace Number (Eligibility Verification Confirmation [EVC] Number)</td>
</tr>
<tr>
<td>First Name</td>
<td>Subscriber First Name</td>
</tr>
<tr>
<td>Last Name</td>
<td>Subscriber Last Name</td>
</tr>
<tr>
<td>Medi-Services</td>
<td>Medical Services Reservation</td>
</tr>
<tr>
<td>Provider Number</td>
<td>Medicaid Provider Number</td>
</tr>
<tr>
<td>Recipient</td>
<td>Subscriber</td>
</tr>
<tr>
<td>Recipient ID</td>
<td>Subscriber ID</td>
</tr>
<tr>
<td>Share of Cost (SOC)</td>
<td>Spend Down Amount (or SOC)</td>
</tr>
</tbody>
</table>

NOTES
Benefits Identification Card

BIC Overview

The Department of Health Care Services (DHCS) issues a plastic Benefits Identification Card (BIC) to each Medi-Cal recipient for identification purposes.

The BIC is used to access the POS network to determine a recipient’s eligibility and scope of benefits. It is the provider’s responsibility to verify that the person is eligible for services and is the individual to whom the card was issued prior to rendering services or goods to that individual.

The BIC is composed of a nine-character Client Identification Number (CIN), a check digit and a four-digit date that matches the date of issue. The BIC issue date is used to deactivate a card when reported as lost or stolen.

Below are two valid BIC samples. The new design, featuring the California poppy, will be provided to newly eligible recipients and recipients requesting replacement cards. There are no plans to provide the new card to the entire Medi-Cal population.

Providers should accept both BIC designs and must continue to verify eligibility.

When a provider verifies an individual is eligible to receive Medi-Cal benefits, (by this act) the provider is accepting the individual as a Medi-Cal recipient. If the provider is unwilling to accept an individual as a Medi-Cal recipient, the provider has no authority to access confidential eligibility information.
In addition to the Medi-Cal Fee-for-Services program, there is an additional program known as Health Access Program (HAP) that offers a BIC for services that are specific to that program. Please refer to the Family PACT eligibility guidelines that can be found in the Policies, Procedures and Billing Instructions (PPBI) manual.

In addition to a provider verifying that an individual is eligible to receive Medi-Cal benefits, the provider must make a “good faith effort” to verify the recipient’s identification by matching the recipient’s name and signature on their BIC card against the signature on a valid California driver’s license, a California identification card issued by the Department of Motor Vehicles, another acceptable picture ID card or other credible identification documentation.

A mother’s Medi-Cal Benefits Identification Card (BIC), whether for restricted or full-scope benefits, can be used to bill full-scope medical services rendered to her newborn during the month of delivery and the following month. A separate identification number must be issued to the infant following the two-month grace period so that services can be billed separately for each recipient.

EXCEPTION
The identification requirement does not apply when a recipient is receiving emergency services, is 17 years of age or younger if minor consent or is in a Long-Term Care facility.

The provider must document the “good faith effort” by making a copy of the BIC and a copy of the picture identification card or other credible document of identification that was used to compare signatures.

California Children’s Services (CCS) clients enrolled in the CCS program are issued a BIC. If a CCS client also has Medi-Cal, the CCS eligibility will be displayed along with the Medi-Cal eligibility.

Children eligible for CCS will be identified by aid codes unique to the CCS program.

Possession of a BIC is NOT proof of Medi-Cal eligibility because it is a permanent form of identification and is retained by the recipient, even when he or she is not eligible for the current month.
When using the BIC in conjunction with the Medi-Cal POS network, the following information can be identified:

- Recipient Eligibility
- Share of Cost (spend down amount)
- Other Health Coverage (OHC)/Medicare
- Aid Codes
- Medi-Cal Managed Care Plans (MCP)

BIC and temporary paper Medi-Cal ID cards must not be altered by either the recipient or provider. If a recipient presents a card that is photocopied or contains erasures, strike-outs, white-outs, type overs or any other form of alteration, providers should request that the recipient obtain an unaltered card and check other identification to ensure that the patient is the Medi-Cal recipient. Do not accept altered BIC and temporary paper Medi-Cal ID cards as proof of eligibility.

All providers are expected to use the Medi-Cal ID number from the recipient’s BIC or temporary paper Medi-Cal ID card when verifying eligibility, billing Medi-Cal, CCS or submitting Service Authorization Requests (SARs).

Reminder: Recipient Eligibility Verification

Providers are reminded that they must verify eligibility every month for each recipient who presents a plastic BIC or paper card for Immediate Need or Minor Consent. An internet eligibility response may be kept as evidence of proof of eligibility for the month for Immediate Need or Minor Consent.

For all other program eligibility verifications other than Immediate Need or Minor Consent, Providers must verify eligibility on the date of service even if eligibility was previously verified for the month.
A Recipient Eligibility

Temporary Paper Medi-Cal ID Cards

In some cases, recipients are issued temporary paper Medi-Cal ID cards from either the County Welfare Department or a Presumptive Eligibility (PE) Provider. The card contains a 14-digit BIC ID number and is used just like a plastic BIC.

Temporary paper identification cards are issued to the following:

- Recipients new to Medi-Cal who have an immediate need for health care services
- Recipients currently eligible for Medi-Cal who have an immediate need for replacement ID card
- Eligible minors who wish to receive confidential care for services
- Recipients that are enrolled in a PE program

Sample Paper ID Card for Immediate Need and Minor Consent Recipients issued by the county.
(Actual card size = 8½ x 11 inches.)

NOTE:
The ID number is the 14-character BIC ID. State law prohibits use of Social Security Numbers (SSNs) on identification cards.

The bottom line is system information that identifies the source of the card request.
Presumptive Eligibility Programs

Medi-Cal Presumptive Eligibility (PE) programs provide qualified individuals immediate, temporary Medi-Cal coverage based on the individual’s self-attested preliminary information. Qualified PE providers approved by DHCS make PE determinations. The Presumptive Eligibility programs include:

- BCCTP (Breast & Cervical Cancer Treatment Program)
- CHDP (Child Health & Disability Prevention Program)
- EWC (Every Woman Counts)
- PE4PW (Presumptive Eligibility for Pregnant Women) and
- HPE (Hospital Presumptive Eligibility).

Qualified PE providers enter the PE applicant’s information via Transaction Services into the Application Web Portal on the Medi-Cal Provider website (www.medi-cal.ca.gov) and provide PE applicants a Single Streamlined Application (SSApp) to apply for Medi-Cal or other health coverage.

Please refer to the specific PE program provider manual sections for detailed PE requirements.

Child Health and Disability Prevention (CHDP) Gateway

Pre-Enrollment

The CHDP Gateway allows eligible children and youth to receive up to two months of full scope Medi-Cal pre-enrollment eligibility. CHDP providers can pre-enroll eligible recipients into Medi-Cal using the CHDP Gateway internet transaction.

Infant Enrollment

The CHDP Gateway process also allows the same CHDP Gateway transaction to automatically enroll eligible infants under one year of age into Medi-Cal without their parent(s) having to complete a Single Streamlined Application (CCFRM604). Eligible infants are those whose mothers had Medi-Cal eligibility at the time of delivery and continue to reside in California. Eligible infants receive full-scope, no cost Medi-Cal until their first birthday.

NOTE:
Refer to the Gateway Transactions Overview (gate trans) section of the CHDP provider manual and the CHDP Gateway Transaction user guides for additional CHDP Gateway information.
Hospital Presumptive Eligibility (HPE)
The HPE program provides qualified individuals immediate access to temporary, no-cost Medi-Cal services while individuals apply for permanent Medi-Cal coverage or other health coverage. Qualified HPE providers approved by DHCS make HPE determinations via the HPE Application Web Portal.

On the day approved for HPE, individuals receive a temporary paper BIC to sign and receive immediate, temporary HPE coverage. The HPE enrollment period ends on the last day of the following month in which the individual was approved for HPE if an SSAapp was not submitted. If an Insurance Affordability Application was submitted, HPE services will continue until an eligibility determination is made (approved or denied) on the application.

Presumptive Eligibility for Pregnant Women (PE4PW)
The PE4PW program allows Qualified Providers (QPs) to grant immediate, temporary Medi-Cal coverage for specific ambulatory prenatal care and prescription drugs for conditions related to pregnancy to low-income, pregnant recipients, pending their formal Medi-Cal application.

The PE4PW enrollment period ends on the last day of the following month in which the individual was determined eligible for PE4PW if an insurance affordability application was not submitted. If an insurance affordability application was submitted, services will continue until determination is made on the insurance affordability application.

NOTES
Share of Cost (SOC)

Some Medi-Cal recipients may be required to pay a portion of their medical expenses before Medi-Cal will reimburse providers for services. This portion is known as Share of Cost (SOC) or spend down amount.

If the Medi-Cal eligibility verification system indicated a recipient has a SOC, the SOC must be met or obligated before a recipient is eligible for Medi-Cal benefits.

Recipient SOC amounts vary according to income and dependents and can change from month to month. This SOC amount is determined by the County Welfare Department.

CCS clients who are also Medi-Cal recipients may pay portions of their SOC during the month until their total SOC has been met. Until the SOC is met, these clients are considered CCS-only clients. Once the SOC has been met, they are considered CCS clients/Medi-Cal recipients.

Aid Codes

Aid codes help providers identify the types of services for which Medi-Cal and Public Health Program recipients are eligible. A recipient may have more than one aid code and may be eligible for multiple programs and services. The full chart of aid codes is in Part 1 of the Medi-Cal Provider Manual. The Aid Codes Master Chart (aid codes) was developed for use in conjunction with the Point of Service Network (POS) Providers must submit an inquiry to POS to verify a recipient’s eligibility for services.

County Codes

County codes can assist in identifying if the county is a managed care county that requires recipients to enroll in a Managed Care Plan (MCP).

Managed Care Plans (MCPs)

Medi-Cal recipients enrolled in contracting Managed Care Plans (MCPs) must receive Medi-Cal benefits from plan providers and not from providers who bill through the fee-for-service program. Each MCP is unique in its billing and service procedures. Providers must contact the individual plan for billing instructions.

All recipients receive a health plan card that identifies the member’s primary care physician in addition to a BIC. In most cases, the recipient presents both cards when receiving services.

Services excluded from the plan’s contract require billing through the fee-for-service program, which may require prior authorization.
Recipient Eligibility

The *MCP: Code Directory* (mcp code dir) section in the Part 1 provider manual includes MCP information for counties that offer Medi-Cal benefits to recipients enrolled in a managed care plan. The directory lists health care plan (HCP) names, codes, addresses, telephone numbers and counties of operation.

**BILLING NOTICE**

Most providers may no longer bill Medi-Cal or CCS using a recipient’s Social Security Number (SSN). Claims submitted with a recipient’s SSN will be denied.

**Medi-Service (Medical Services) Reservation**

The POS network is also used to complete a Medi-Service reservation or reversal transaction. Medi-Cal recipients are normally allowed two Medi-Service visits per month. When providers complete a Medi-Service reservation on the POS network, the date of service and the appropriate five-digit procedure code will be required.

Medi-Services are used by Allied Health, Medical Services and Outpatient providers. A Medi-Service should be reserved before billing for the following services:

- Acupuncture
- Audiology
- Chiropractic
- Occupational Therapy
- Podiatry
- Speech Pathology

Providers should not reserve a Medi-Service unless they are certain the service will be rendered. Providers who do not provide a Medi-Service that has been reserved must reverse the reservation to allow the recipient to obtain another service.

To log into the Lab Services Reservation System (LSRS) go to the Medi-Cal Provider website (www.medi-cal.ca.gov).

1. From the Provider drop-down menu, select Transactions
2. Login into Transactions with your User ID and Password

3. Select Lab Services Reservation System (LSRS)
4. Click **Make Reservation**

5. Fill out reservation form and click Reserve this Service

Sample: Medi Reservation Request Screen
Knowledge Review

1. When a recipient provides their BIC card, this means they are Medi-Cal Eligible?
   True □  False □

2. What can be identified when using the BIC card to determine eligibility?
   a. Eligibility
   b. Share of Cost (SOC)
   c. Other Health Coverage (OHC)
   d. Aid Codes
   e. Managed Care Plans (MCPs)
   f. All the above

3. A provider may ask for a second form of ID to help confirm a recipient’s identification.
   True □  False □

Answer Key: 1) False; 2) All of the above; 3) True
POS Network

The Point of Service (POS) network allows providers to access information related to:

- Recipient eligibility
- Share of Cost (SOC)
- Scope of benefits/services
- Other Health Coverage (OHC)
- Medicare
- Medi-Cal Managed Care Plans (MCP)
- Medi-Services

POS Network Access

The POS network is accessed using any one of following methods:

- Internet (Medi-Cal Provider website)
- Third Party Software (contact CMC Help Desk at 1-800-541-5555)
- Automated Eligibility Verification System (AEVS) (1-800-456-2387)

Required information for checking recipient eligibility:

- Subscriber ID number
- Subscriber Date of Birth (DOB)
- Issue date
- Date of Service (DOS)
Internet Eligibility Verification (Medi-Cal Provider Website) Utilizing Transaction Services

Requirements
- Medi-Cal POS Network/Internet Agreement form
- Medi-Cal Provider Identification Number (User ID) and a PIN

Features
- Free of charge to all active providers
- Ability to print screen display for a recipient’s file
- Capable of batch sending (defined as “single or a batch of up to 99 records”)
- Located on the Medi-Cal Provider website (www.medi-cal.ca.gov)

To log into the Internet Eligibility Verification, go to the Medi-Cal Provider website (www.medi-cal.ca.gov).

1. From the Provider drop-down menu, select Transactions
A  Recipient Eligibility

2. Login into Transactions with your User ID and Password

![Login to Medi-Cal]

3. Select Single Subscriber

![Transaction Services]
4. Fill out **Eligibility Verification** form and click **Submit**
Eligibility Responses

“Traffic light” green means eligibility is established, and providers may render services.

![Eligibility Response](image-url)
“Traffic light” yellow directs providers’ attention to special circumstances.

“Traffic light” red means no Medi-Cal eligibility.
A  Recipient Eligibility

Sample: Medi-Cal Eligible Recipient with a SOC (Share of Cost)

Sample: Medi-Cal Eligible Recipient with OHC
Knowledge Review

To access recipient eligibility, providers must have the following information:

1. ______________________________
2. ______________________________
3. ______________________________

NOTES

________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________

Answer Key: 1) ID number; 2) date of birth; 3) date of issue
Eligibility Verification by State-Approved Vendor Software

Features
• Providers’ existing software may be modified by a vendor
• Providers may purchase a vendor-supplied software package

Automated Eligibility Verification System (AEVS)

The Automated Eligibility Verification System (AEVS) is an interactive voice response system that allows providers to access recipient eligibility, clear Share of Cost (SOC) liability and/or reserve Medi-Services. There is no enrollment requirement to participate in AEVS. Providers must use a valid Provider Identification Number (PIN) to access AEVS. The PIN is issued when providers enroll with Medi-Cal.

AEVS verifies a recipient’s eligibility of the current and/or prior 12 months; provides information on SOC, Other Health Coverage (OHC) and Prepaid Health plan (PHP) status; identifies recipients in fee-for-service pending enrollment into a Medi-Cal managed care plan, a Denti-Cal managed care plan or both; identifies any service restrictions, SOC liability and allows podiatrists and certain Allied Health providers to reserve Medi-Services.

AEVS accesses the most current recipient information for a specific month of eligibility. AEVS returns a 10-character Eligibility Verification Confirmation (EVC) number, after eligibility is confirmed.

Features
• Free of charge
• Uses a telephone
• Uses alphabetic code list for alphanumeric BICs

Limitations
Limited to 10 inquiries per call

Automated Eligibility Verification System (AEVS) Response
A Recipient Eligibility

When requesting eligibility verification for a recipient with OHC, the Medi-Cal eligibility verification system returns a message stating a recipient’s Scope of Coverage (COV). COV codes designate the specific service categories covered by a recipient’s health coverage.

The Code Explanation “OIMVLP” explanation means a recipient’s insurance covers inpatient, outpatient, medical, vision, long term care and prescription drugs/medical supplies. These are the COV codes and each recipient’s plan differs. Each COV code indicates a different set of services. Refer to the COV code chart below or the Other Health Coverage (OHC) Guidelines for Billing (other guide) section of the Part 1 provider manual.
**NOTE**

The combination of the OHC and COV codes helps providers determine when to bill OHC before billing Medi-Cal.
