

# Outpatient Common Denials

## Introduction

### Purpose

This module will familiarize participants with an overview of the most common denial messages providers receive when billing for outpatient services on the *UB-04* claim form.

### Module Objectives

- Identify common claim denial messages for outpatient services
- Provide an overview of claims follow-up for denied claims
- Show common billing errors that cause denials
- Offer billing tips to prevent claim denials

### Acronyms

A list of current acronyms is located in the *Appendix* section of each complete workbook.

## Claim Denial Description

Denied claims represent claims that are incomplete, services billed that are not payable or information given by the provider that is inappropriate. Many Remittance Advice Details (RAD) codes and messages include billing advice to help providers correct denied claims. It is important to verify information on the original claim against the RAD.

### **Free-Form Denial Codes**

Free-form denial codes indicate denial messages that allow Medi-Cal claims examiners to return unique messages that more accurately describe claim submittal errors and denial reasons. Free-form denial codes contain four digits beginning with the prefix 9. Refer to the *Remittance Advice Details (RAD) Codes and Messages: 9000 – 9999* section (remit cd9000) of the Part 1 provider manual for the complete list.

# Overview of Claims Follow-Up Options

When providers receive confirmation that a claim has been denied, they can pursue follow-up options to get the claim paid, depending on the reason for the denial. There are four main follow-up procedures available to providers:

- Rebill the claim
- Submit a Claims Inquiry Form (CIF)
- Submit an appeal
- Contact the Correspondence Specialist Unit (CSU)

## Timeliness Policy

Timeliness must be adhered to for proper submission of follow-up claim forms.

Follow-Up Action	Submission Deadline
Rebill a Claim	<u>Six months</u> from the month of service.
Submit a CIF	Within <u>six months</u> of the denial date (on RAD)
Submit an Appeal	Within <u>90 days</u> of the denial date on the RAD

## B Outpatient Common Denials

### RAD Code 0010

#### Denied Claim Message

RAD CODE: 0010	This service is a duplicate of a previously paid claim.
----------------	---

#### Root Cause of Denials

Claim history identifies a payment for a National Provider Identifier (NPI) with the same recipient ID, date of service and procedure code.

#### Billing Tips

- Ensure that you have reconciled all payments with the RAD.
- Verify the following on the RAD:
  - Provider number
  - Recipient number
  - “From-Thru” date of service
  - Procedure code
  - Modifier
- If unable to locate claim payment on the RAD and are within six months from the month of service, you can submit a CIF tracer to assist in locating your Warrant Number and payment date.
  - CIF tracer does not keep your claim timely.
- Submit an appeal within 90 days from the date on the RAD.
- Should the denied provider choose to dispute the claim and there is no resolution between the two providers regarding the dates in question, Medi-Cal could recoup the full reimbursement of the original erroneously paid claim, and will not make an adjustment without a correction request from that provider.

Incorrectly paid and denied claims can also create incorrect provider reimbursement data and inaccuracies in the health service records that may impact beneficiary share of cost (SOC), access to services and estate recovery.

For assistance in resolving these issues, providers are advised to write to the Correspondence Specialist Unit (CSU) at:

Correspondence Specialist Unit  
P.O. Box 13029  
Sacramento, CA 95813-4029

- Verify the product ID qualifier N4 followed by the 11-digit NDC (no spaces or hyphens) is directly following the last digit of the NDC (no space); followed by the two-character unit of measure and numeric quantity.
