Introduction

Purpose

Module Objectives

- Offer billing tips to prevent claim denials
- Show common billing errors that cause denials

Acronyms

A list of current acronyms is located in the *Appendix* section of each complete workbook.

Claim Denial Description

Denied claims result from claims that are incomplete, services billed that are not payable or information given by the provider that is inappropriate. Many Remittance Advice Details RAD codes and messages include billing advice to help providers correct denied claims. It is important to verify information on the original claim against the RAD.

Free-Form Denial Codes

Free-form denial codes indicate denial messages that allow Medi-Cal claims examiners to return unique messages that more accurately describe claim submittal errors and denial reasons. Free-form denial codes contain four-digits beginning with the prefix 9. Refer to the *Remittance Advice Details (RAD) Codes and Messages: 9000 – 9999* (remit cd9000) section of the Part 1 provider manual for the complete list.

Overview of Claims Follow-Up Options

When providers receive confirmation that a claim has been denied, they can pursue follow-up options to get the claim paid, depending on the reason for the denial. There are four main follow-up procedures available to providers:

- Rebill the claim
- Submit a *Claims Inquiry Form* (CIF)
- Submit an Appeal
- Correspondence Specialist Unit (CSU)

Timeliness Policy

Timeliness must be adhered to for proper submission of follow-up claim forms.

Follow-Up Action	Submission Deadline
Rebill a Claim	Six months from the month of service
Submit a CIF	Within six months of the denial date (date on RAD)
Submit an Appeal	Within 90 days of the denial date (date on RAD)

NOTE

Box #	Field	Error
1	Medicare/Medi-Cal Other ID	Not checking the appropriate box(es) Billing Tip: Check both the Medicaid and Medicare boxes when billing Medicare crossover claims.
1A	Insured's ID Number	Entering the recipient's ID number incorrectly Billing Tip: Verify that the recipient is eligible for the services rendered by using the POS network or telephone AEVS. Do not enter the Medicare ID number on a straight Medi-Cal claim.
2	Patient's Name	The <i>Patient's Name</i> field (Box 2) requires commas between each segment of the patient's name: last, first, middle initial (without a period).
19	Additional Claim Information (Designated by NUCC)	Reducing font size or abbreviating terminology to fit in the field Billing Tip: If additional information cannot be entered completely, attach additional information to the claim. Reducing font size below 8 point and abbreviating terminology may result in scanning difficulties and/or medical review denials.

23	Prior Authorization Number	Entering Eligibility Verification Confirmation (EVC) number instead of the TAR Control Number (TCN) Billing Tip: The EVC number is only for verifying eligibility. Do not enter this number on the claim. Enter the 10-digit TCN followed by the Pricing Indicator (PI) on the claim (for a total of 11 digits).
24B	Place of Service	Entering the wrong two-digit Place of Service code Billing Tip: Enter a Medi-Cal local Place of Service code instead of a national Place of Service code.
24D	Procedures, Services or Supplies	Omitting modifiers or entering incorrect information when required Billing Tip: Do not use Medicare modifiers. Enter procedure description, if necessary, in the <i>Additional Claim Information</i> field (Box 19). A list of modifiers accepted by Medi-Cal may be found in the Part 2 <i>Vision Care</i> manual.
