

AIDS Waiver Program Billing Codes and Rates

Page updated: August 2020

This section contains the procedure codes and reimbursement rates that have been established for AIDS Medi-Cal Waiver Program (MCWP) services. The rates listed below are the “maximum allowable rate.” MCWPs are to bill the actual rate paid for services, up to the maximum allowable rate. For additional information about billing these services, refer to the *AIDS Waiver Program* section of this manual.

*	Waiver agencies may bill up to an additional one hour per visit for actual travel, unless doing so causes procedure billing to exceed 24 hours on any date of service. Direct care service and travel time (per client, per service) must be totaled during the billing period. It is not permissible to round fractional hours per visit, except for when there is only one visit during the billing period (add all visits for month, then round). The waiver agency and provider of service must maintain appropriate documentation that separately identifies the travel hours from the direct care service hours. The documentation must include reporting by month, client name or identifier, the hourly rate billed, the number of hours billed and the type of cost incurred (for example, travel).
∞	Providers may bill up to 99 units per claim lines for these codes.
