Medicare non-covered services are categorized into two charts, *Medicare Non-Covered Services: CPT® Codes* and *Medicare Non-Covered Services: HCPCS Codes*, that appear in the appropriate Part 2 manual. Codes in these charts are arranged in alphabetical order by service "description." Refer to the appropriate sections of this manual to ensure that the service billed is covered by Medi-Cal.

**Note:** For instructions about billing Medicare non-covered services listed in these sections, refer to “Billing for Medicare Non-Covered, Exhausted or Denied Services, or Medicare Non-Eligible Recipients” in the Medicare/Medi-Cal crossover claims section of the appropriate Part 2 manual.

### Codes Excluded From List

Codes not listed on these charts must first be billed to Medicare. In these cases, an *Explanation of Medicare Benefits/Medicare Remittance Notice* (EOMB/MRN) must be attached to the claim when billing Medi-Cal.

These procedures apply only to recipients who have both Medi-Cal and Medicare eligibility. Claims also must meet all other Medi-Cal billing and coverage requirements before benefits can be paid.

### Facility Charges and Services: Dental Oral Surgery

Facility charges and services essential to dental oral surgery are covered by Medi-Cal. Facilities include hospital outpatient clinics, surgical centers or other non-dental facilities. Indicate in the Remarks area of the claim that services were essential to the Medicare non-covered dental treatment.

**Note:** Medi-Cal does not pay for dental oral surgeon services performed by a non-physician dental oral surgeon. “These services must be billed to Medi-Cal Dental’s fiscal intermediary”.

### Medicare Procedures: Medi-Cal Code Correlation List

Medicare/Medi-Cal crossover correlation codes appear on Medi-Cal Remittance Advice Details (RAD) only and identify services that have crossed over from Medicare to Medi-Cal. These codes are not valid for direct billing to Medi-Cal. For a listing of these codes, refer to the *Medicare Procedures: Medi-Cal Code Correlation List* section in the appropriate Part 2 manual.
